Objective

Looking for a challenging role in a reputable organization to utilize my technical, database and management skills for the growth of the organization as well as to enhance my knowledge about new and emerging trends in the IT sector.

I have sharpened my skills to best of my knowledge and ready to implement for betterment of an organization.

Why you should Hire me?

I gained most of my knowledge so far during this pandemic. I have been daily spending 7-8 hours to learn. If I start learning or doing projects than not even standup from my place till I complete. I am too dedicated to the work of my Interest and Web Development is one of them.
You should hire me for my DEDICATION and FAST LEARNING skills.

Education

2017 - Pursuing	**Bachelor Degree** Sigma Institue of Engineering
2015 - 2017	**Higher Secondary** Sanatan Internatiol Academy

Project

2019 - 1 Year

Laundry kart

- It's an website which takes orders online for Laundry and later processes it.
- This project sharpened my Project Management skills.
- Its is made using HTML/CSS/JQuery and PHP.

2020 Sep

File Parcel

- It helps to transfer files between Android/iPhone and PC on same WIFI network.
- It works either ways. The connection established would be P2P connection.
- It will be made using Progressive Web App, webSockets, Node.js.

Achievements

- Attended two days Python Programming Workshop
- Blockchain Technology Webinar
- Django Python tutorial Webinar
- 30 Days of Google Cloud program

Declaration

I hereby declare that the above writtn particulars are true to the best of my knowledge and belief.
